NISSAN TONNEAUS

LEER NISSAN TONNEAUS

Cap World is Your Authorized LEER Dealer

800 This sleek low-profile fiberglass tonneau features quick release hinges and gas props with the LEER SuperLift system. A weather protected billet stainless steel lock and innovative LEER joystick rotary latches secure your gear.

DRIVEN TO ADVENTURE

More trucks are driven to adventure with LEER tonneaus than any other brand. Glass smooth LEER fiberglass tonneaus secure cargo so you can stow and go with the best combination of style, function, value and fit! Aerodynamically engineered LEER tonneaus integrate cleanly with the body lines of your truck. With no-drill installation and carefully engineered hardware, a LEER tonneau is as easy to use as the trunk of a car and fits today's active lifestyles.

DRIVEN TO EXCEL... LEER ADVANTAGES

DRIVEN TO
ADVENTURE

■ LEER FLEXSEAL

The LEER Flexseal attaches at the front of the truck bed, unfolds as the tonneau opens and covers the gap between tonneau and bed, keeping water, snow and dirt out.

■ LEER SUPER LIFT SYSTEM

Carefully balanced gas props and lifting arms provide the proper pressure to make opening and closing the tonneau easy.

■ LEER HIDDEN LOCK LINKAGE

No bending or snagging exposed lock rods or cables – LEER lock linkage is hidden and protected for trouble-free operation, improved security and better looks.

■ TRIMLESS FINISHED EDGES

No unsightly add-on vinyl to cover an unfinished edge – the LEER trimless edge is carefully finished and painted, to provide the best possible look and fit.

■ LEER KEYLESS REMOTE

The LEER keyless entry system locks and unlocks your LEER tonneau with the press of a button. Optional.

■ LEER QUICK RELEASE HINGE SYSTEM (800 SERIES)

Remove and reinstall the tonneau quickly and easily with hinge handle clamps, no tools are required. A flange guides the tonneau into proper position.

■ BILLET STAINLESS STEEL LOCK (800 SERIES)

Low profile billet stainless steel lock with a snap-tight, swing-away cover protects the keyslot from moisture and dirt.

■ LEER JOYSTICK ROTARY LATCHES (800 SERIES)

This innovative LEER design pivots like a joystick to consistently lock and unlock the tonneau with ease.

■ LEER 4-BAR HINGE (700 SERIES)

Moves the 700 Series tonneau up and away from the truck bed, allowing a better fit, better clearance and easier adjustments.

■ LEER TWIST HANDLE (700 SERIES)

Cast aluminum easy grip handle opens easily, has flip-up door to protect keyslot and adapts to optional keyless remote.

■ THULE® RACK SYSTEMS

Gear your tonneau for adventure with optional **THULE®** multi-purpose rack systems and accessories for outdoor equipment including bikes, skis, snowboards, and surfboards. An exclusive partnership teams LEER with Thule®, the leading manufacturer of automotive rack products.
